Legends Drive WMBF Exclusive

At 10:30 this morning WMBF, an NBC affiliate, conducted interviews at the intersection of Legends Drive and Legends Village. The purpose of the interviews was to bring attention to the recently repaved road, the new safety improvements and County police surveillance.

It is our understanding that the exclusive will air this evening at either 5pm or 5:30pm on channel 10 or channel 32, depending on your service carrier.
